# READ THESE INSTRUCTIONS BEFORE USING THIS GUN

**WARNING**
**PLACE HAMMER IN HALF COCK POSITION AND ENGAGE SAFETY BEFORE LOADING & UNLOADING**

5/97

**MODEL D-22, DM-22, D-25, AND D-32**

**ALL FIREARMS ARE DANGEROUS PLEASE BE CAREFUL**

We provide reasonable care in the manufacture of this pistol, but assume no responsibility for its care handling and use.

Virtually all accidents are caused by the misuse or mishandling by the user.

Never place your finger on the trigger unless you are ready to shoot the pistol.

**CAUTION**: We strongly advise that you familiarize yourself with all the mechanisms of this, or any gun, before putting any ammunition into it. For your safety before loading or firing this pistol, make sure there are **NO OBSTRUCTIONS** in the Barrel and wipe away all grease and foreign materials from its bore.

**CAUTION**: If you do not intend to shoot immediately, place the hammer in **HALF-COCK** position with **SAFETY ENGAGED** and remove the cartridges from the barrel chamber. **STORE PISTOL AND AMMO SEPARATELY OUT OF THE REACH OF CHILDREN.**

## WARNING

Do not use this derringer until you have completely read this instruction manual. We recommend that you seek competent firearms instruction before attempting to use this gun.

**To load**, unload, store, or carry this gun safely, the hammer must be in the **HALF-COCK** position with **SAFETY ENGAGED.** Failure to keep the hammer on the **HALF-COCK** position and safely on safe can result in accidental discharge causing serious injury or death.

Unload your pistol if you do not intend to shoot it immediately. **STORE PISTOL AND AMMUNITION SEPARATELY OUT OF THE REACH OF CHILDREN.**

## LOADING

1) Place the hammer in the **HALF-COCK position** and **ENGAGE SAFETY TO SAFE POSITION**.

2) Disengage the locking lever and move it to the forward position.

3) Pull the barrel back exposing the breech, insert two cartridges.

4) Be sure the hammer is still in the **HALF-COCK position**, and **SAFETY ENGAGED**, lower the barrel into the frame and re-engage the locking lever.

5) To unload use the same procedure as outlined above. Cartridges are removed from the chambers by pressing down on the extractor on side of barrel and sliding it rearward.

## AMMUNITION

The derringer was designed to fire standard factory ammunition only. **DO NOT FIRE RELOADED, HOT LOADED, OR PLUS "P" CARTRIDGES**. These types of ammunition can be dangerous to you and your derringer.

## RECOMMENDED AMMUNITION

FOR BEST SHOOTING AND FUNCTION, WE RECOMMEND FEDERAL OR AMERICAN AMMUNITION. (On all Davis Products).

## IMPORTANT D-25, D-32

When loading and unloading, push extractor all the way open.

## DRY FIRING

Never dry fire this derringer (firing the gun with no ammo in the chambers). Dry firing damages the firing pins and mechanisms.

## PRECAUTIONS

1) Keep this derringer away from children.
2) Do not drop or mishandle this gun when loaded, as it may fire if dropped.
3) Always keep this derringer in the **HALF COCK** hammer position and **SAFETY ENGAGED.**
4) Always be sure of your target.
5) Never point this gun at anything that is your not your intended target.
6) Do not store or carry this gun loaded.
7) Avoid alcohol and drugs both before and during shooting.
8) Treat this gun as if it is always loaded.
9) Store pistol and ammunition separately and out of the reach of children.
